Dedication

Miss Jane Cunnius

The Class of 1978 dedicates this yearbook to Miss Jane Cunnius of the Social Studies Department. We believe that she reflects the true spirit of "education." It is Miss Cunnius' spirit and philosophy of learning which we will remember in our future years.

The Way We Were

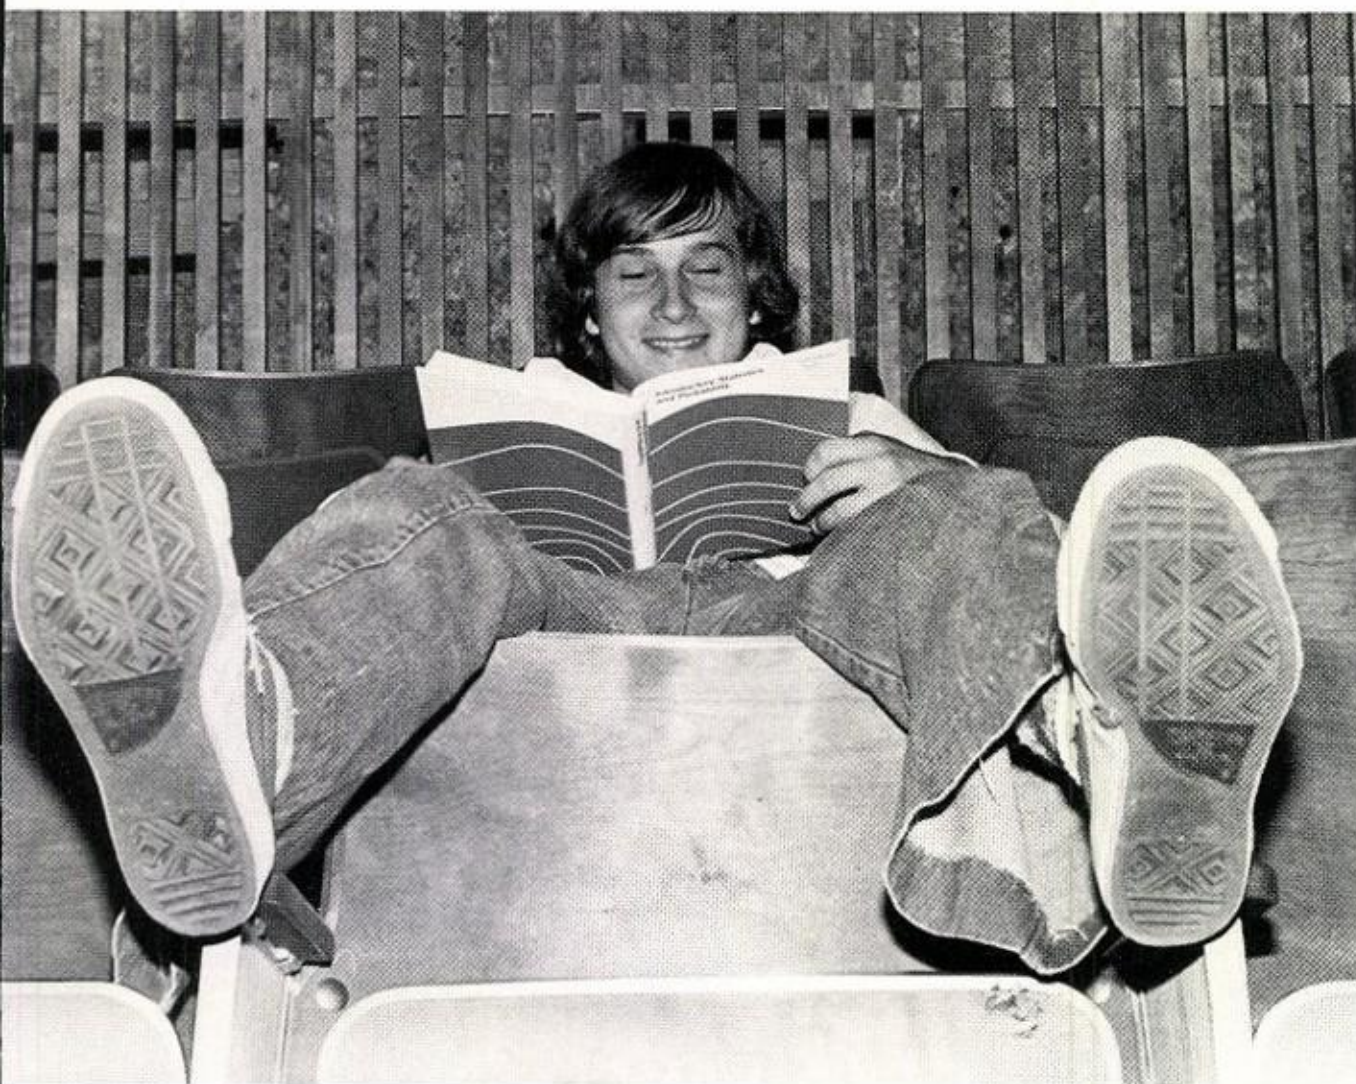

Memories
Like the corners of my mind
Misty water colored memories
of the way we were

*Scattered pictures of
the smiles we left behind
Smiles we gave to one
another
For the way we were.*

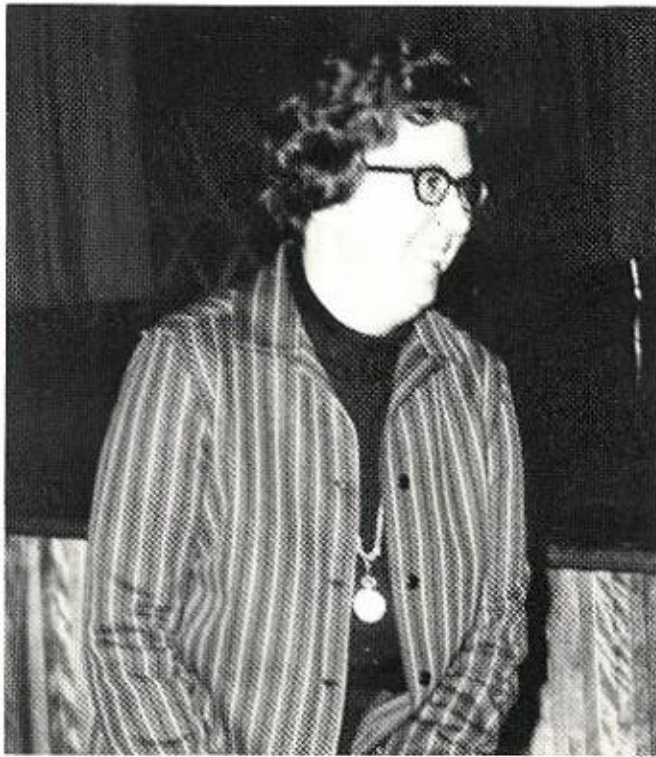

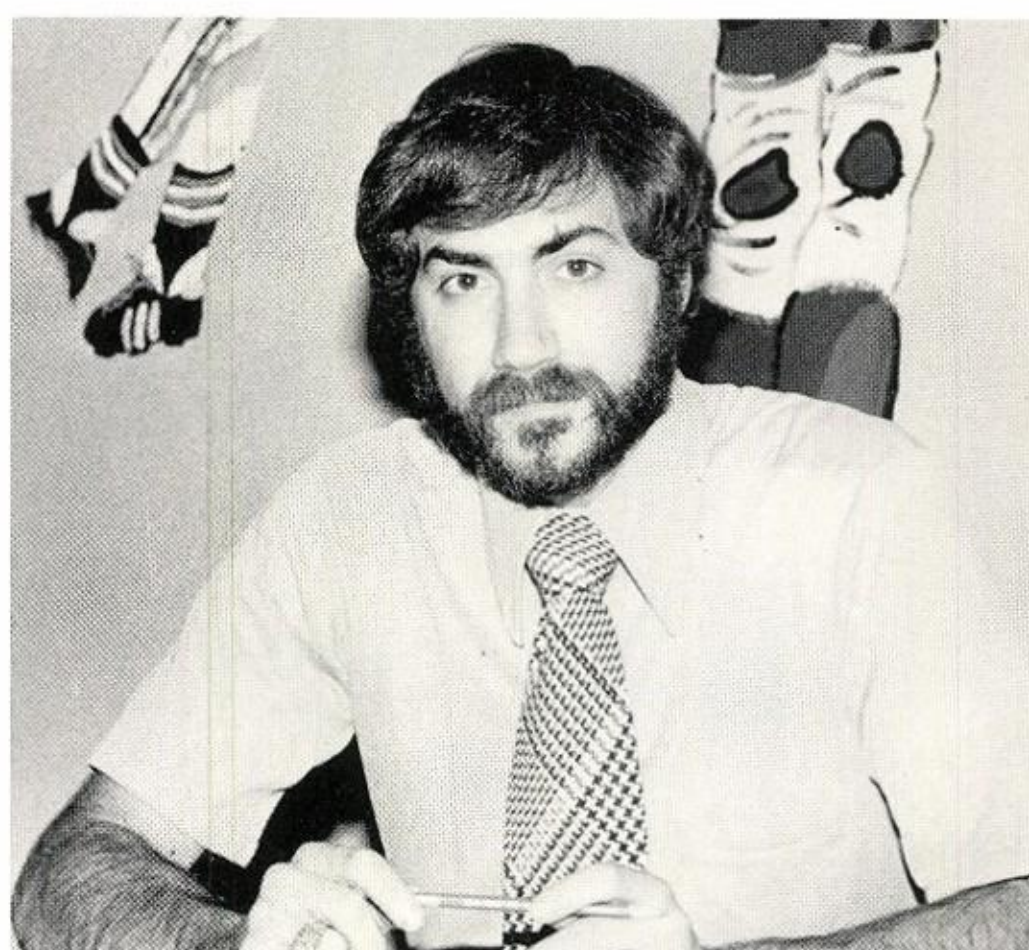

*Can it be that it was all so simple then or
has time rewritten every line
And if we had the chance to do it all again
Tell me, would we . . . could we?*

Class of '78

At the Top of the World

These four men are more or less the backbone of the school district. The Superintendent, the Business Manager, the Principal, and the Administrative Assistant work to make sure that everything runs smoothly.

Top Left: Dr. Horace F. Darlington.

Top Right: Mr. Glenn O. Adams.

Bottom Left: Mr. James T. DiGiacomo.

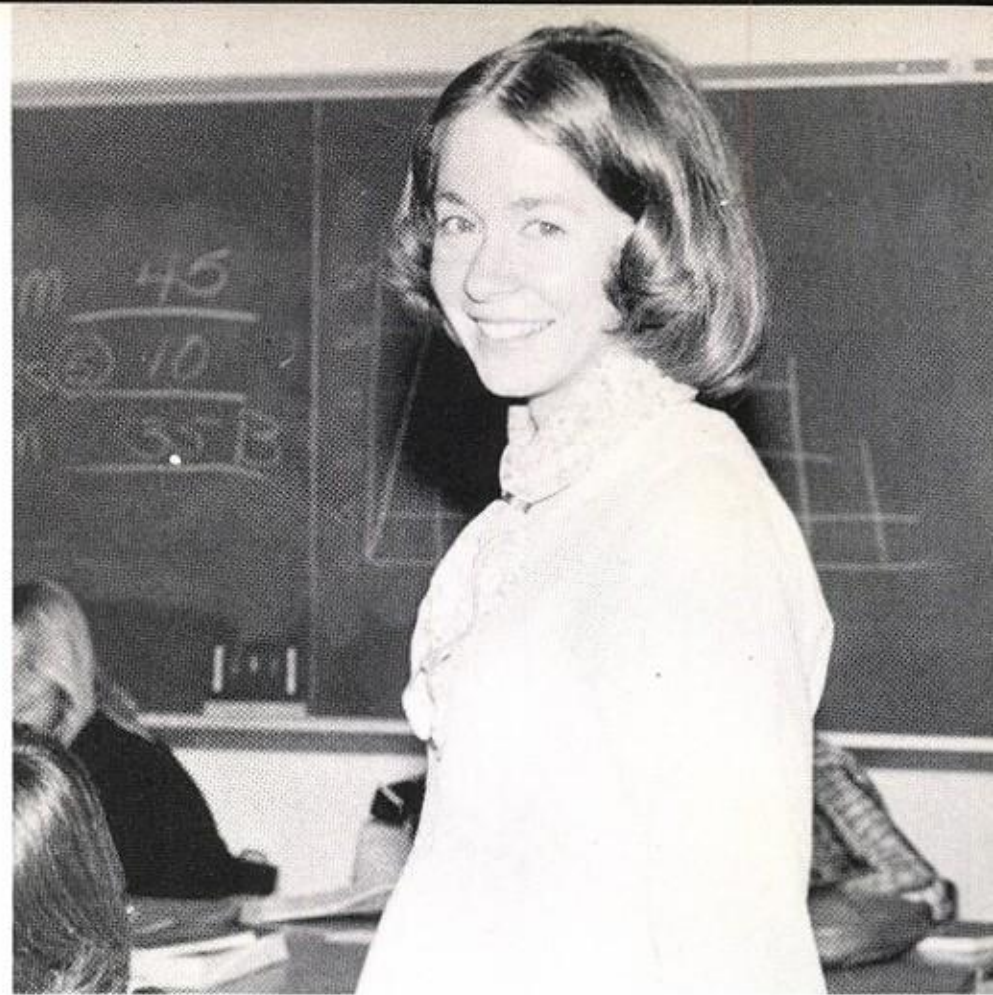

Bottom Right: Mr. Francis A. Orlando.

Business, Anyone?

Mrs. Barnett and Mr. Messner teach numerous courses (such as business math, shorthand, and typing) for the student who wants a business oriented course. However, by the sizes of the typing classes, it can be seen that many college-bound students want to know how to type before entering college.

Top Right: Mrs. Rita Barnett.

Center Right: Mr. Charles Messner.

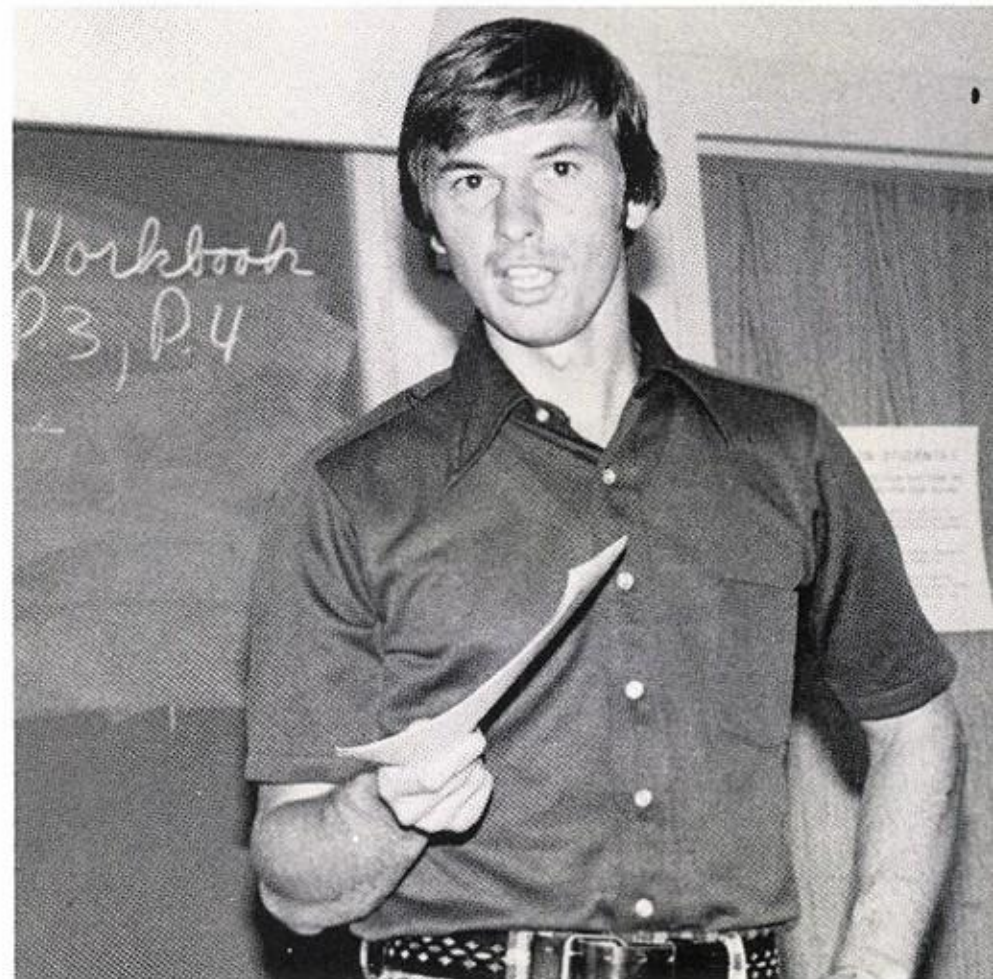

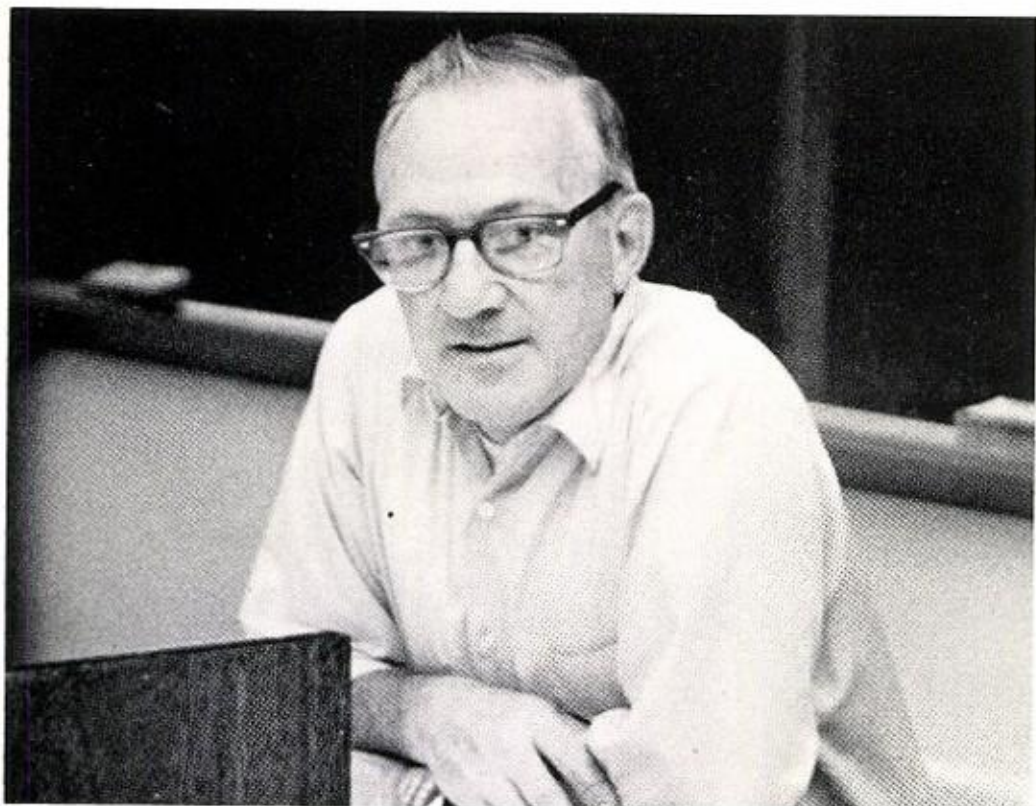

Around the World in 45 Minutes

For the students at Mt. Penn who want to take advantage of it, the foreign language department has much to offer. French and German are well taught by Mrs. Edsall and Mrs. Sweigart to any student desiring a knowledge of two of the world's most popular languages. First year Latin is mandatory for all first section freshmen so that they will have a better understanding of the English language.

Center Left: Mrs. Donna Sweigart.

Bottom Right: Mrs. Geraldine Edsall.

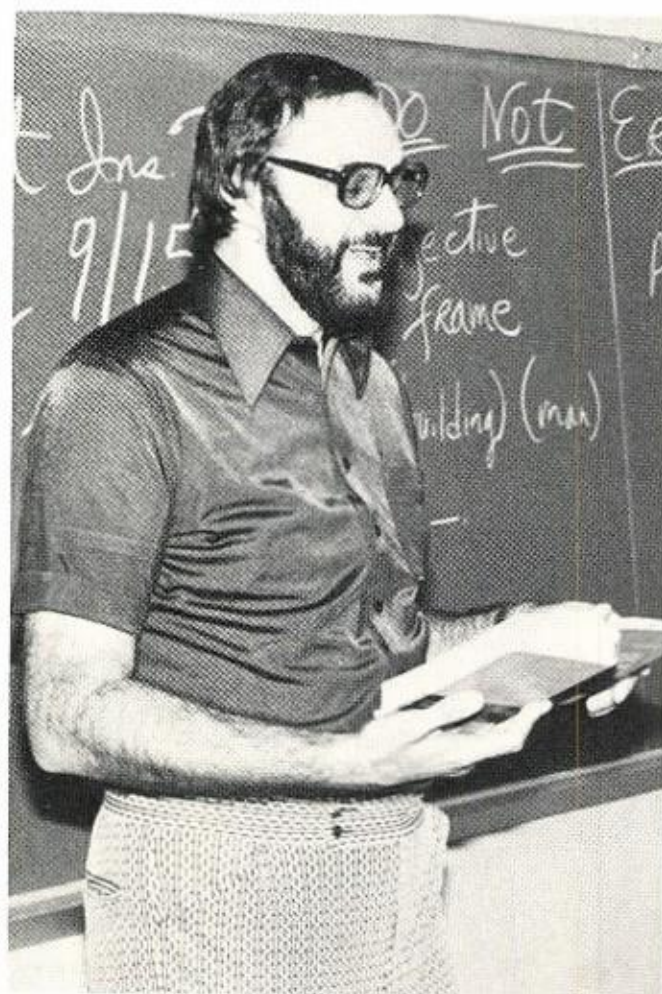

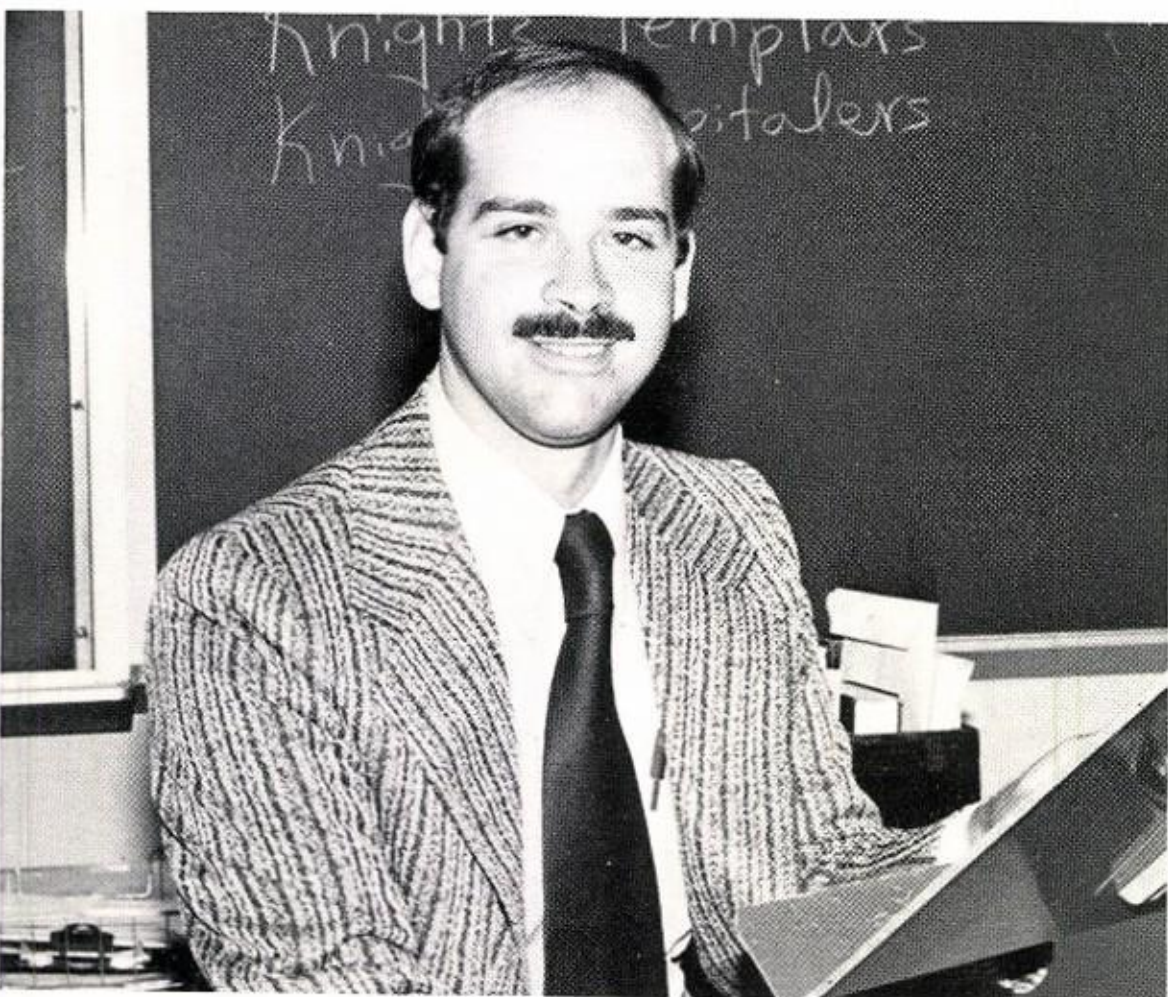

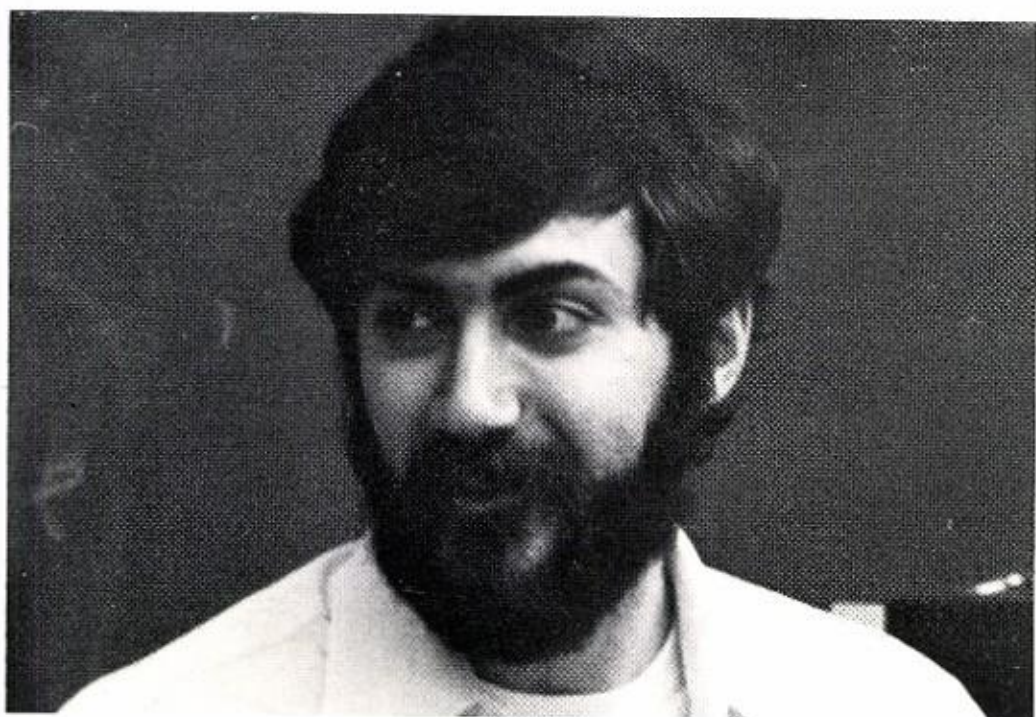

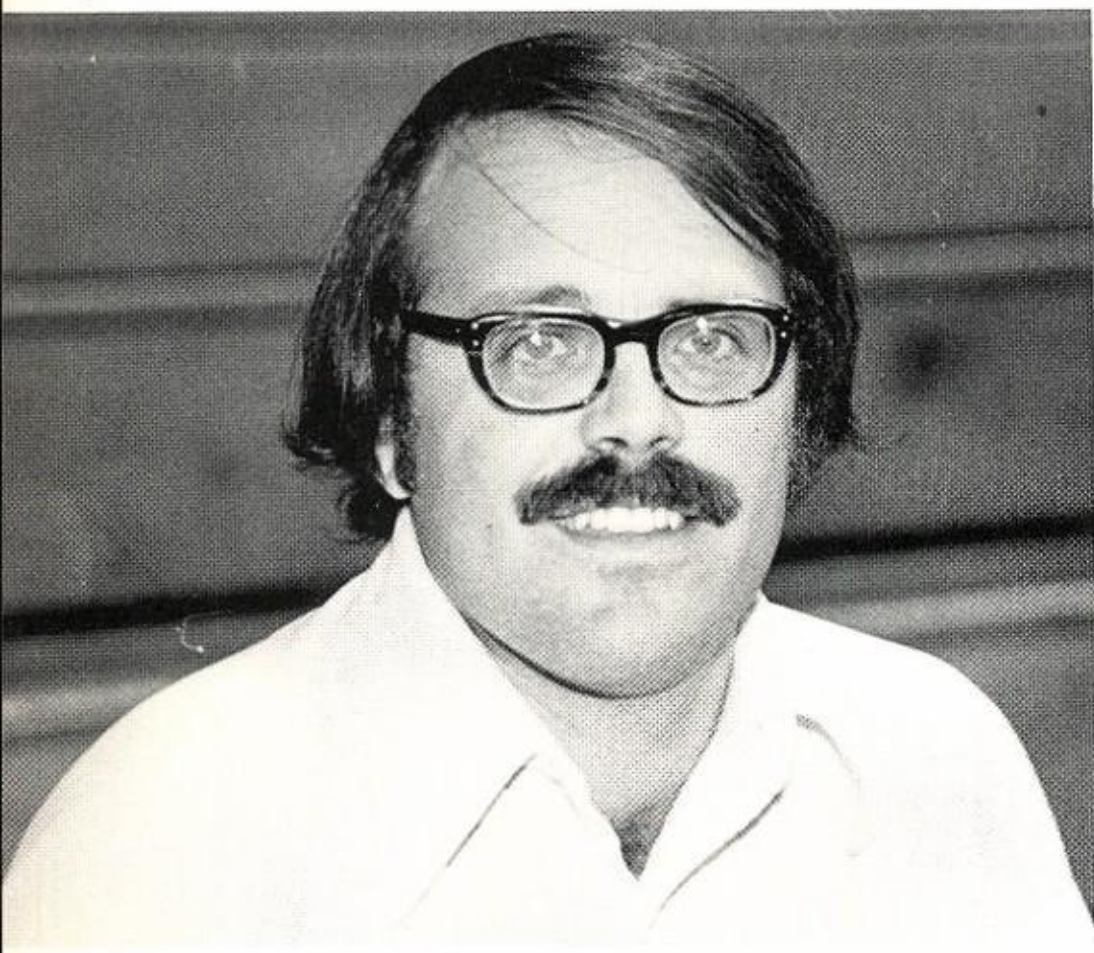

It's Necessary

Although the state requires that every pupil have at least one credit of English per school year, most students here are glad to take more than the necessary amount. Quite an abundance of varied, fascinating, and interesting English courses are offered at our school. The mini-course system seems to be well-liked by the student body.

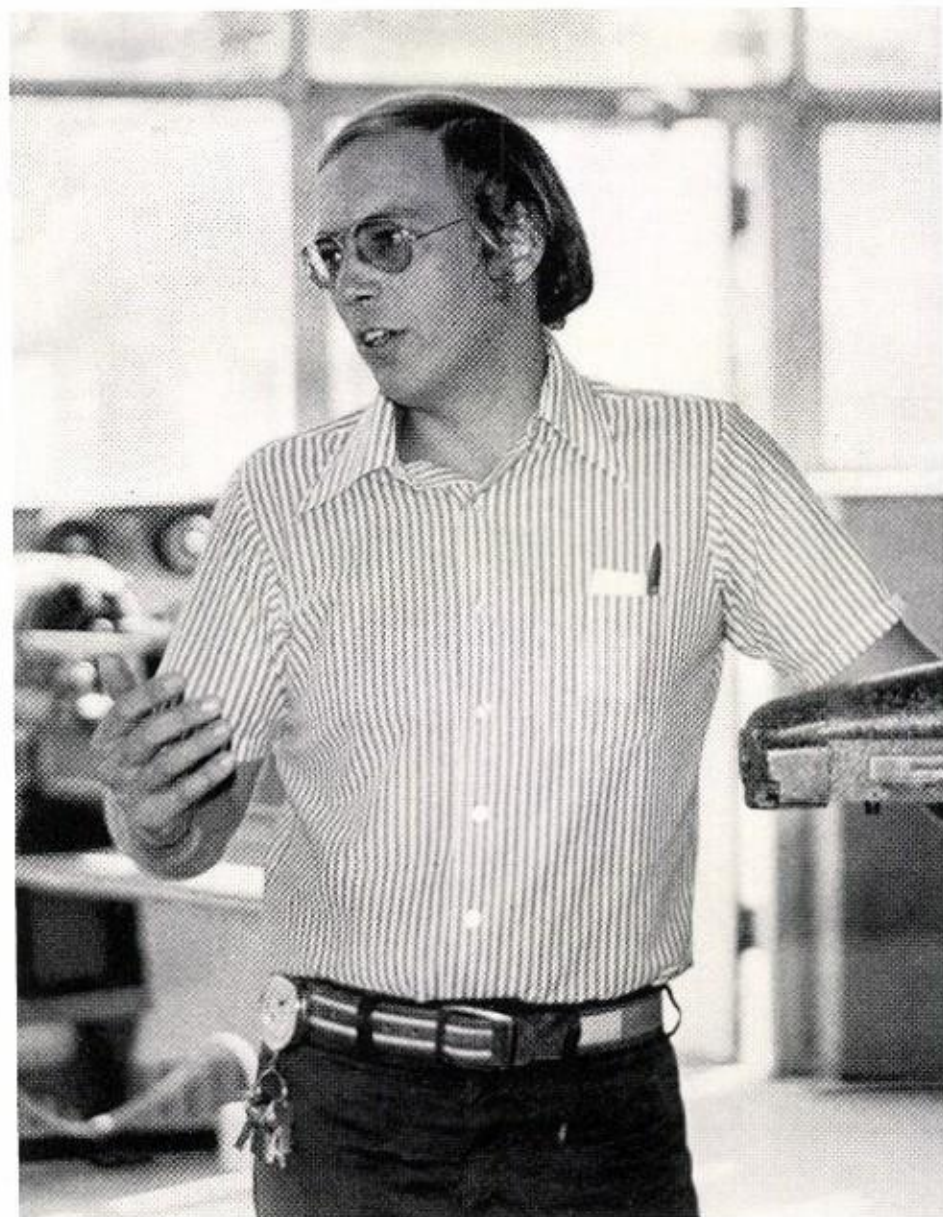

Top Left: Mr. Robert Haag.
Center Left: Mr. Francis Orlando.
Center Right: Mrs. Elora Strickler.
Bottom Left: Mr. E. Fred Brossman.
Bottom Right: Mr. Joseph Segro.

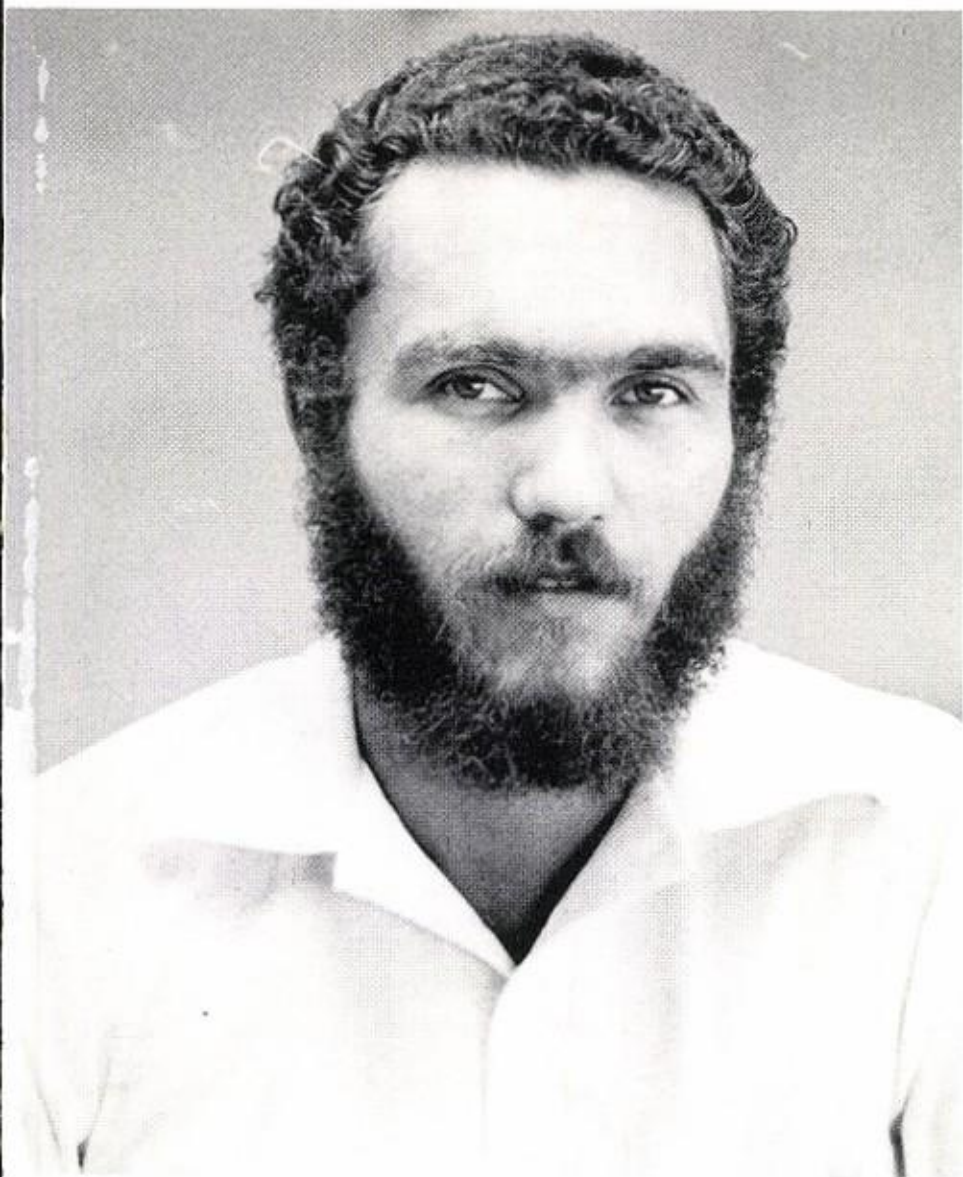

He's No Leonardo da Vinci, But . . .

Under the expert direction of Mr. Minter, many amateur artists at Mt. Penn are improving their skills in one of many art courses offered; but there's more to one kind of art. Mr. Eyer lends his guidance to all students taking shop or mechanical drawing. And by the time one graduates, Mr. Becker or Miss Geiger have made sure that a student is in fine physical shape. Mrs. Brown teaches cooking, sewing, and all those household necessities to students taking Home Economics.

A Calculator Might Help

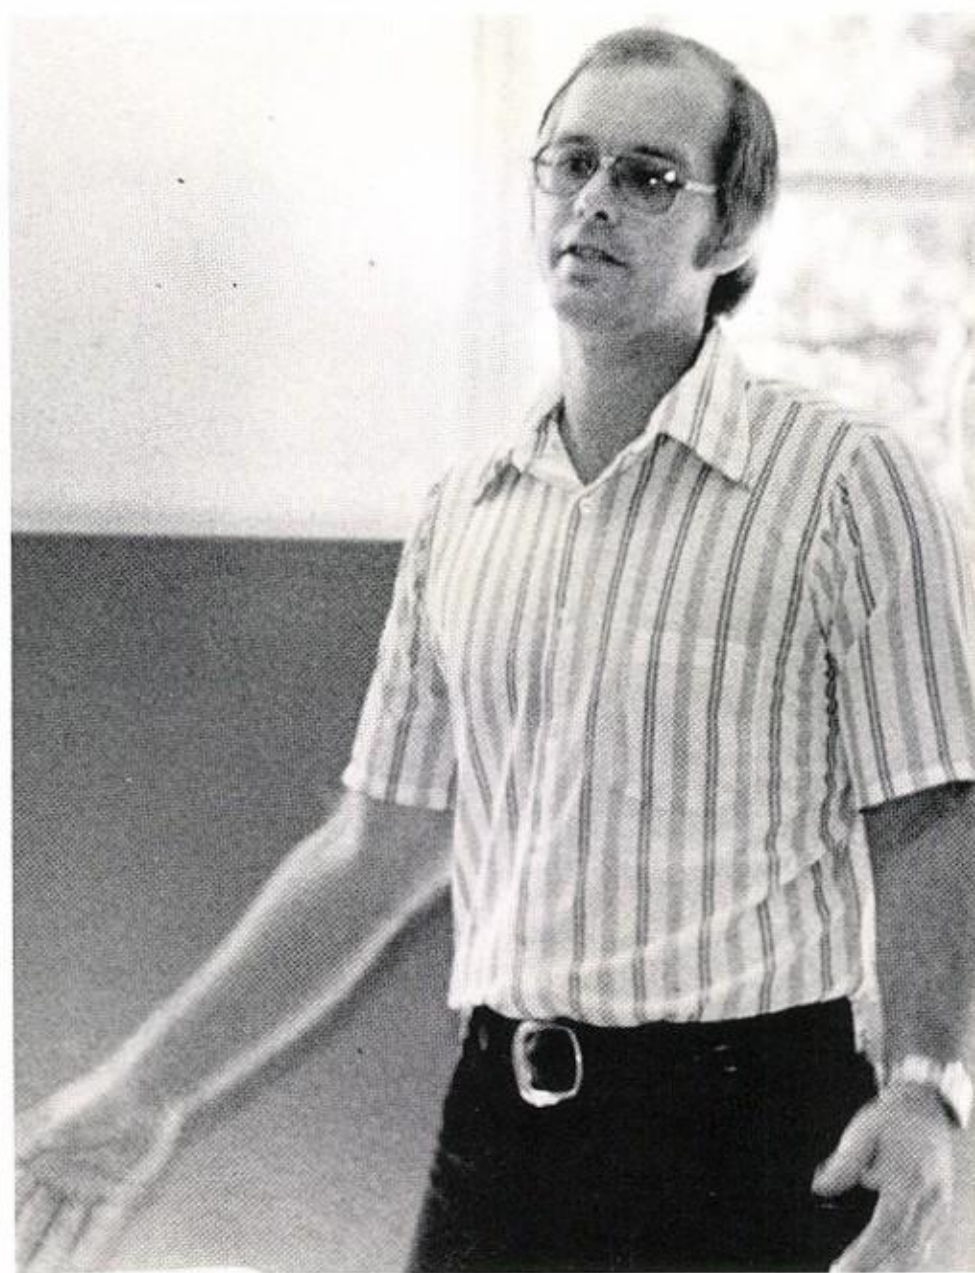

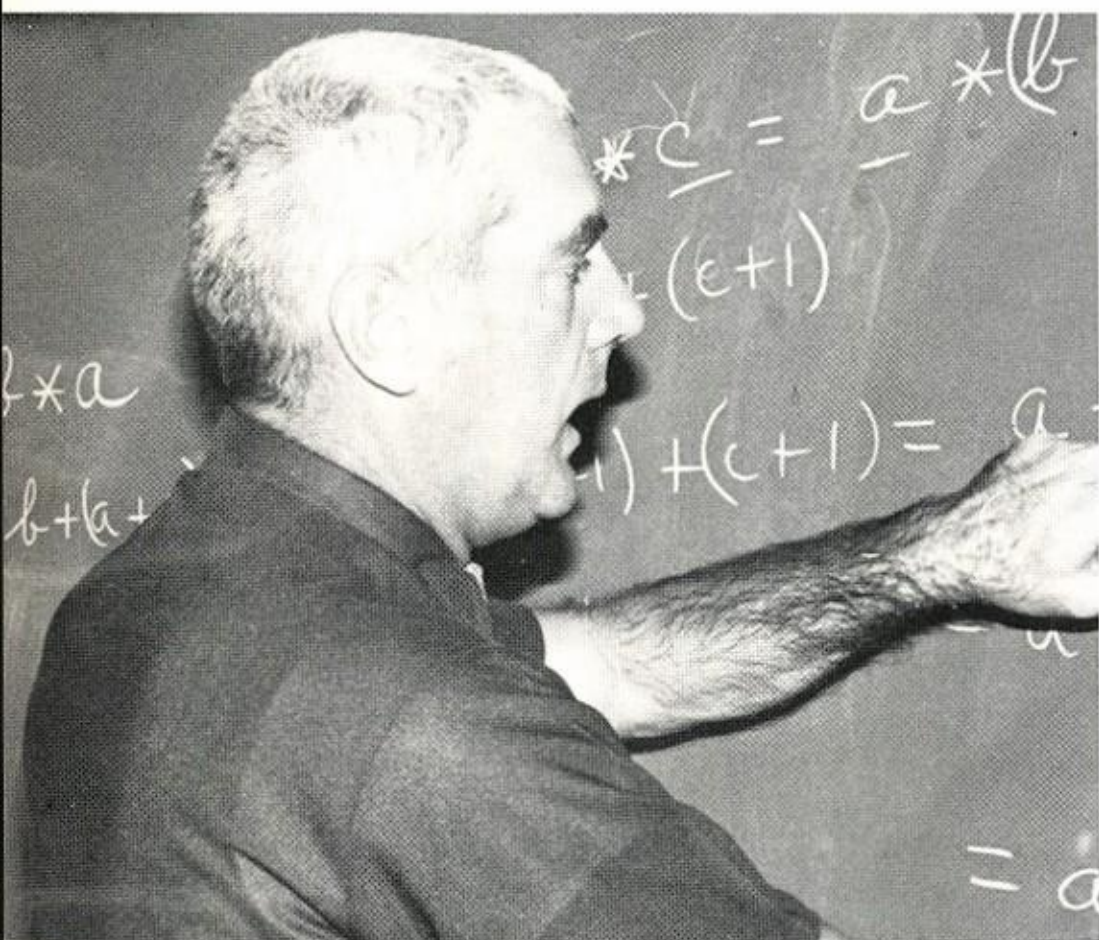

Mt. Penn boasts of one of the best math departments around, and they have every right to. They've got three of the best teachers, and they're teaching many different math skills including Algebra, Geometry, Trigonometry, Analysis, Calculus, Statistics and Probability, and Field Math.

Top Right: Mr. Roger Fegley.

Center Left: Mr. William Strickler.

Bottom Right: Mr. Roger Fegley.

Bottom Left: Mr. Richard Hamilton.

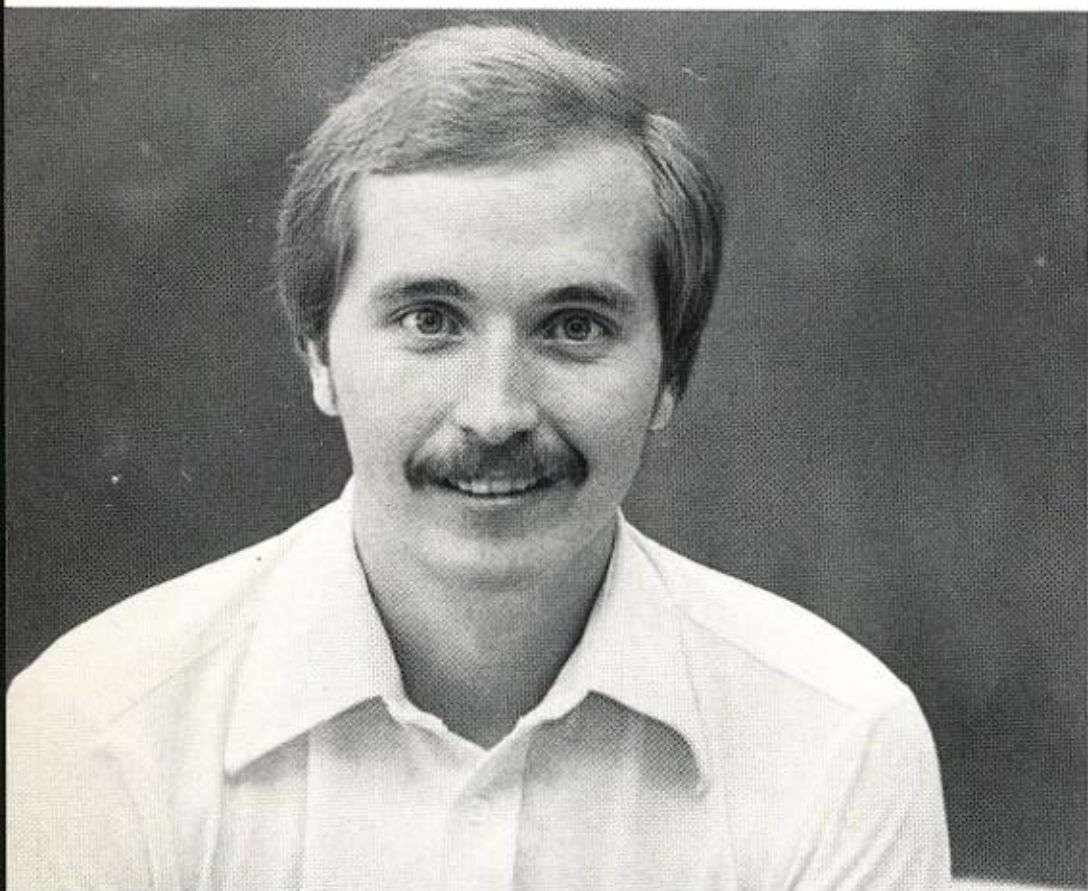

Top Left: Mr. James Ranck.
Center Left: Miss Helen Luckenbach.
Bottom Left: Miss Joyce Brobst.
Center Right: Mike Leifer, Scientist.

Hand Me That Test Tube, Igor

Although some may say that Mt. Penn has a few mad scientists, they're really not. They're just three very good teachers instructing courses in biology, chemistry, physics, anatomy and physiology, and nuclear science. These are the fine science courses offered to the students by Miss Luckenbach, Miss Brobst, and Mr. Ranck.

Past, Present, Future

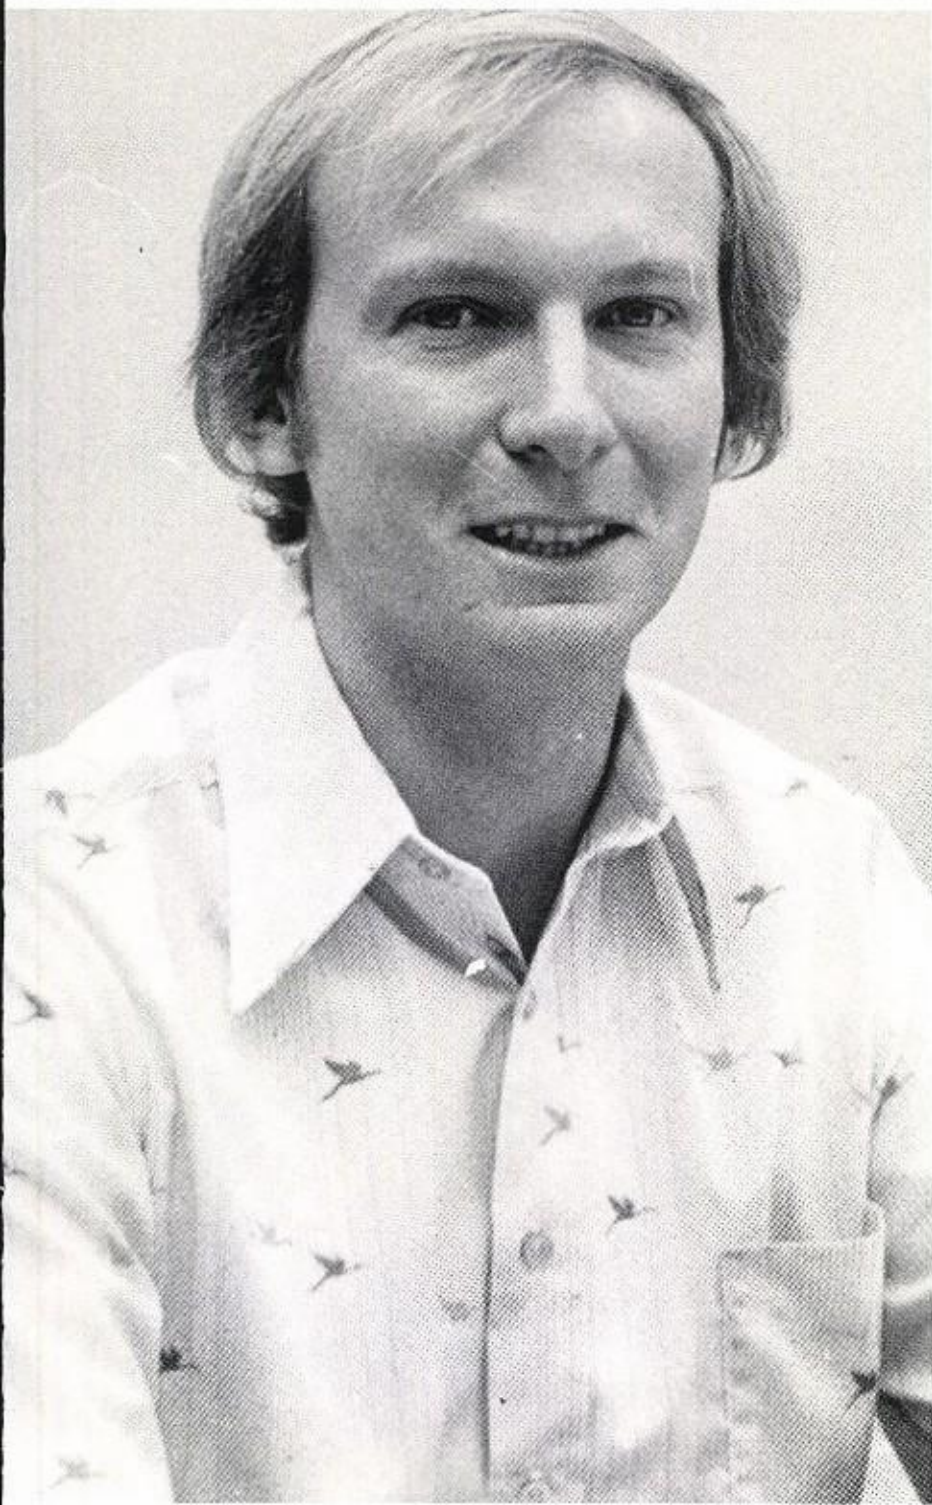

Practically any social studies subject one is looking for can be found on the third floor. Mr. Wheeler, Mr. Dengler, Miss Cunnius, and Mr. Choyka are all part of a well set up mini-course system in the social studies department. The wide variety of subjects are set anywhere around the world, at any time in the past, the present, or the future.

Top Left: Mr. Robert Wheeler.

Top Right: Miss Jane Cunnius.

Bottom Left: Mr. Gary Choyka.

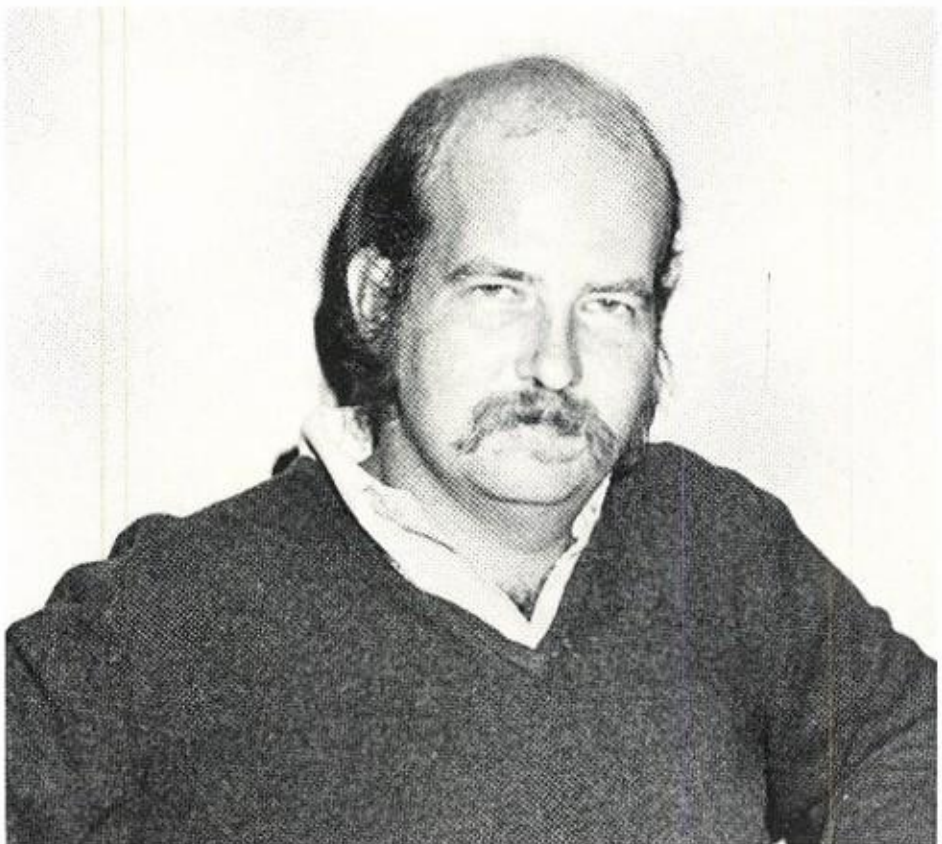

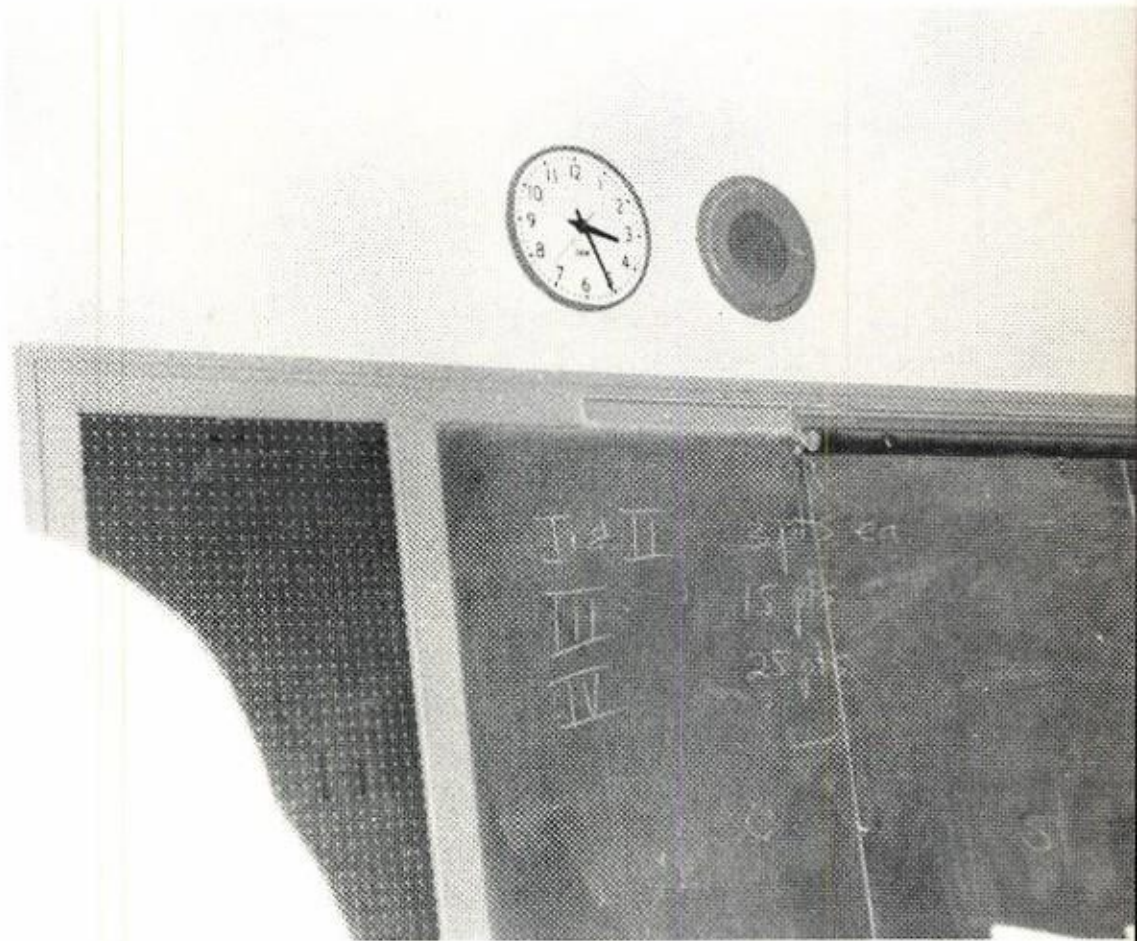

Bottom Right: Mr. William Dengler.

"For the Benefit of All"

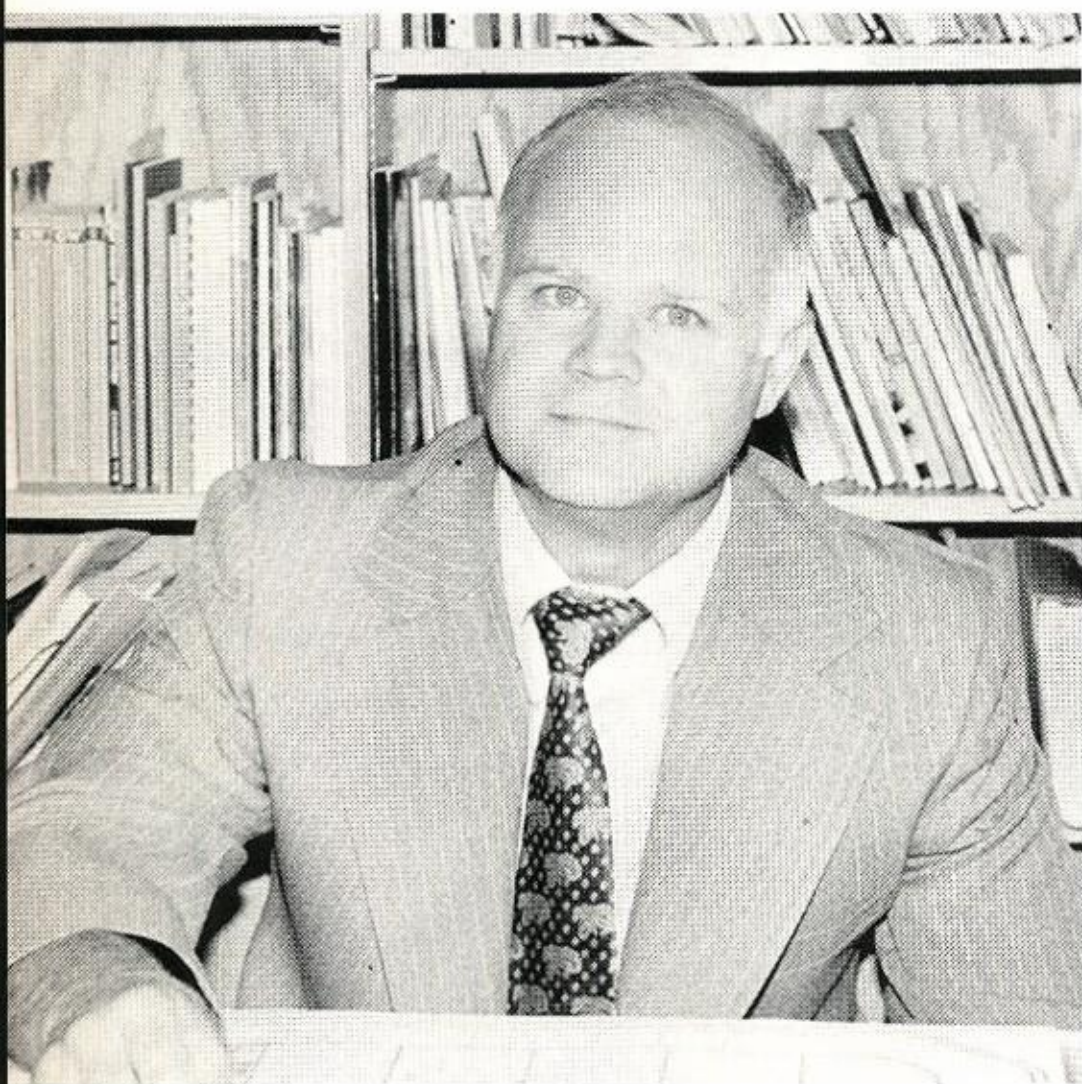

As part of Mt. Penn's service to the community, the high school hosts a group of students that are emotionally and/or mentally retarded. Mr. Mieczkowski and Mr. Burnett are the teachers in the EMR program. Mrs. Lengel is instructor for the students at the school who have a learning disability.

LIGHTS, CAMERA, ACTION!

The A.V.A. and Stage Crew are service clubs with no social activities. The boys are trained to operate the audio-visual equipment and are responsible for distributing films. They sacrifice their study halls and free time in performing an invaluable and appreciated chore. The members of the group are under the supervision of Mr. Orlando. We are greatly indebted to them for their years of meritorious service.

PEP CLUB PROMOTES SPIRIT

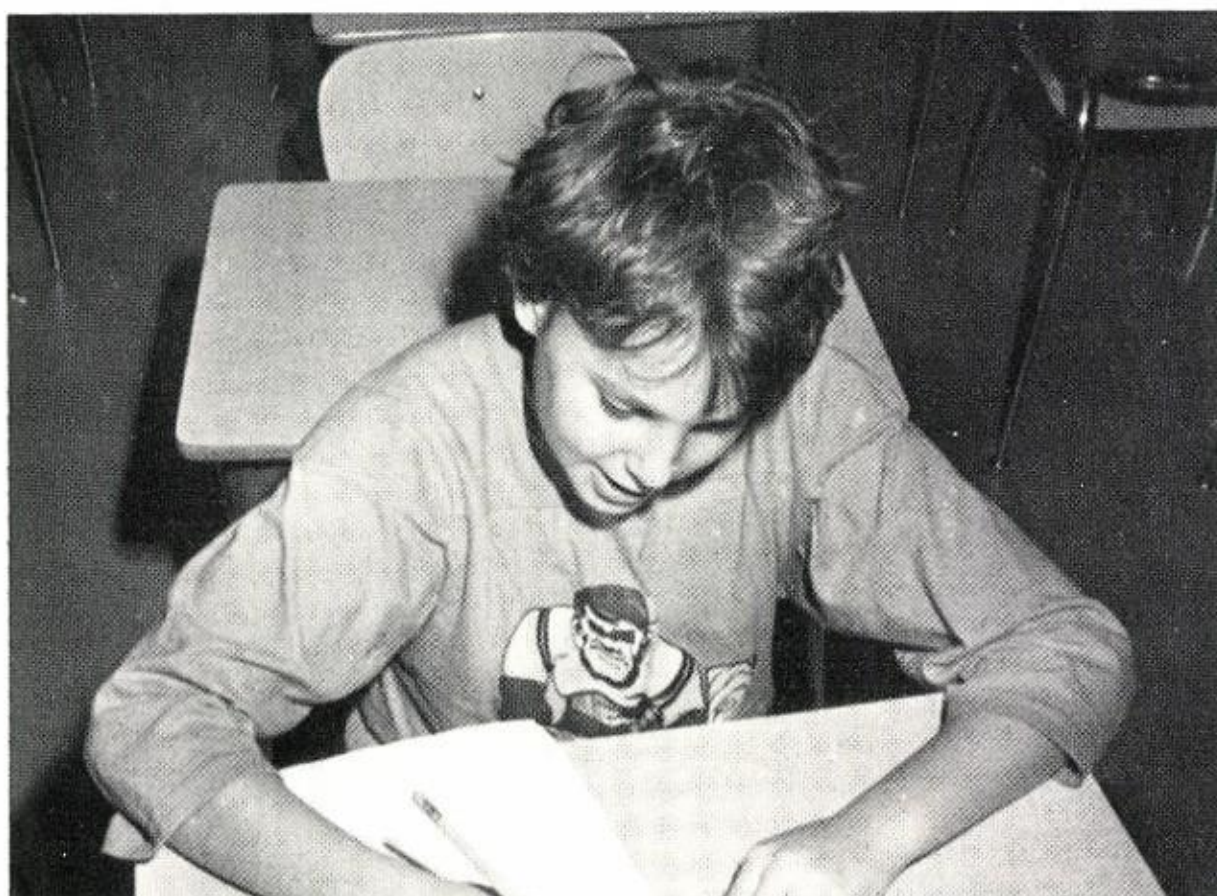

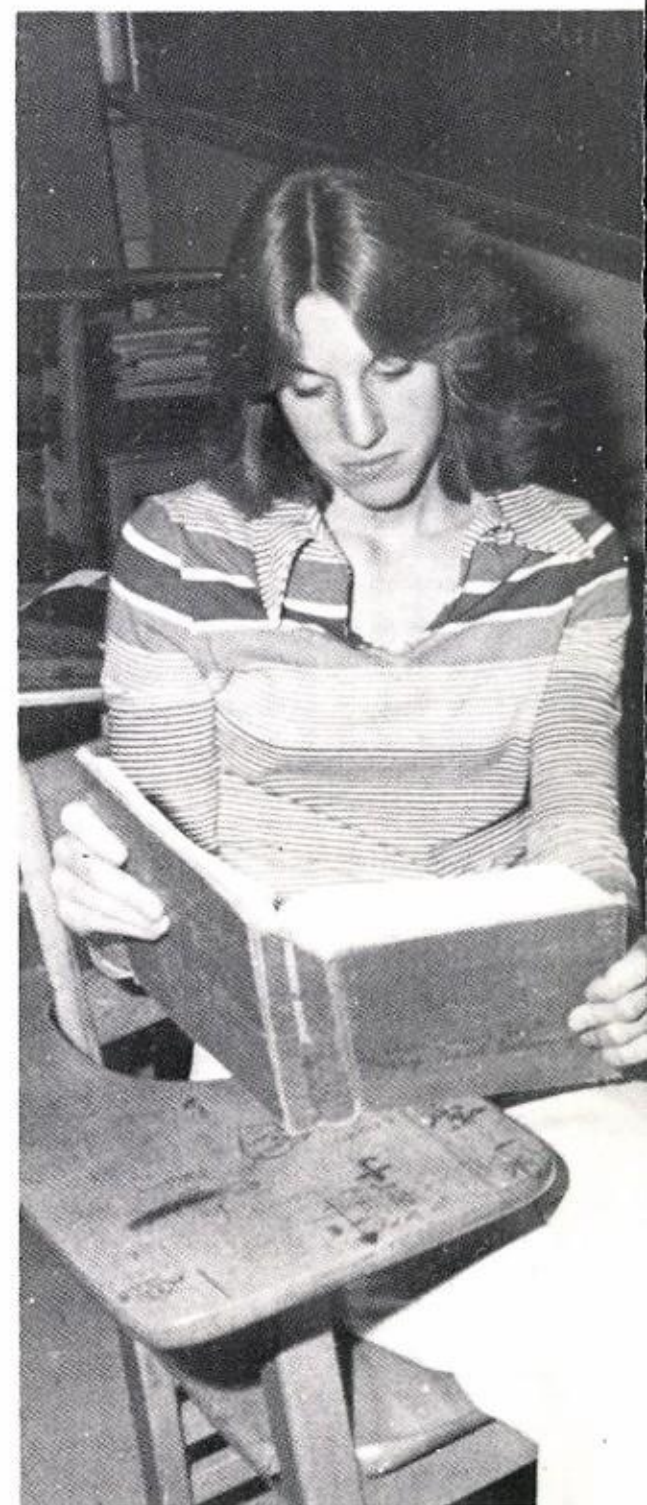

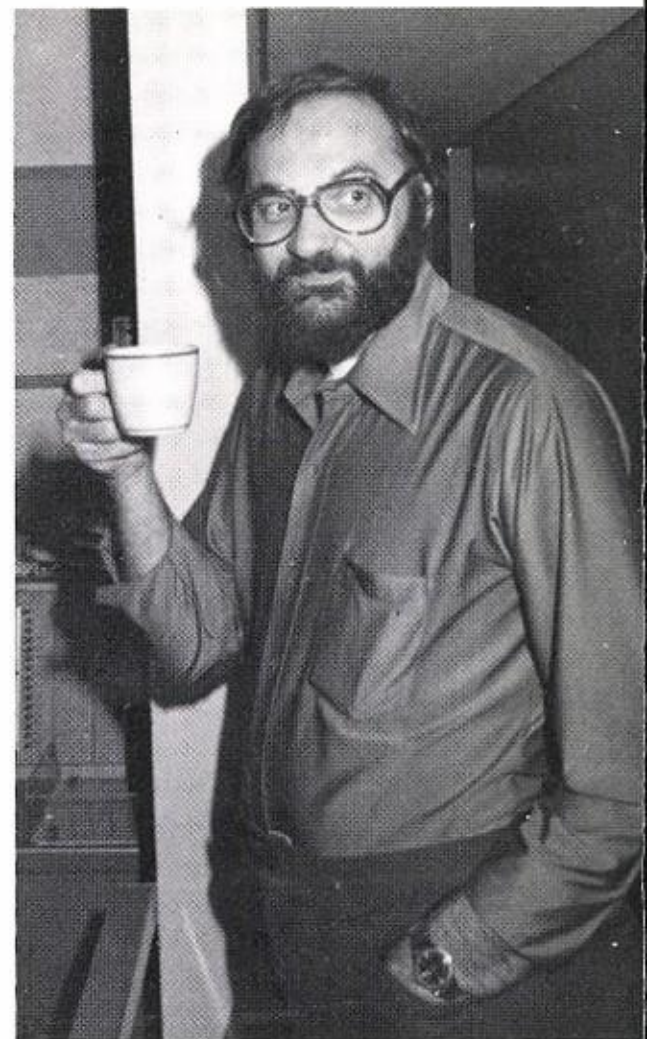

This club, the Pep Club, the most spirited club in the school, provides cheering, screaming, and loyalty to the school by holding pep rallies and decorating the school halls. By holding the first pep rally, and inspiring spirit among all, the Pep Club helped to bring about our win against Schuylkill Valley. The Pep Club, under the leadership of Mrs. Zielinski and the cheerleaders, proves to be a highly enthusiastic group.

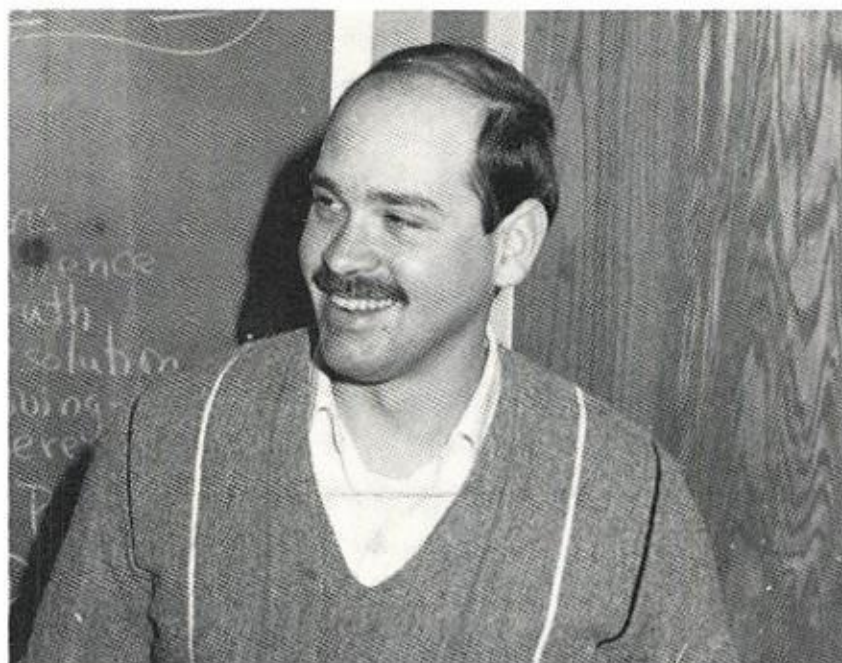

OFFICERS: PRES. — D. Gettis, VICE PRES. — K. Baer, SEC. — J. Mundell, TREAS. — D. Hafetz.

NEWSPAPER STAFF KEEPS US INFORMED

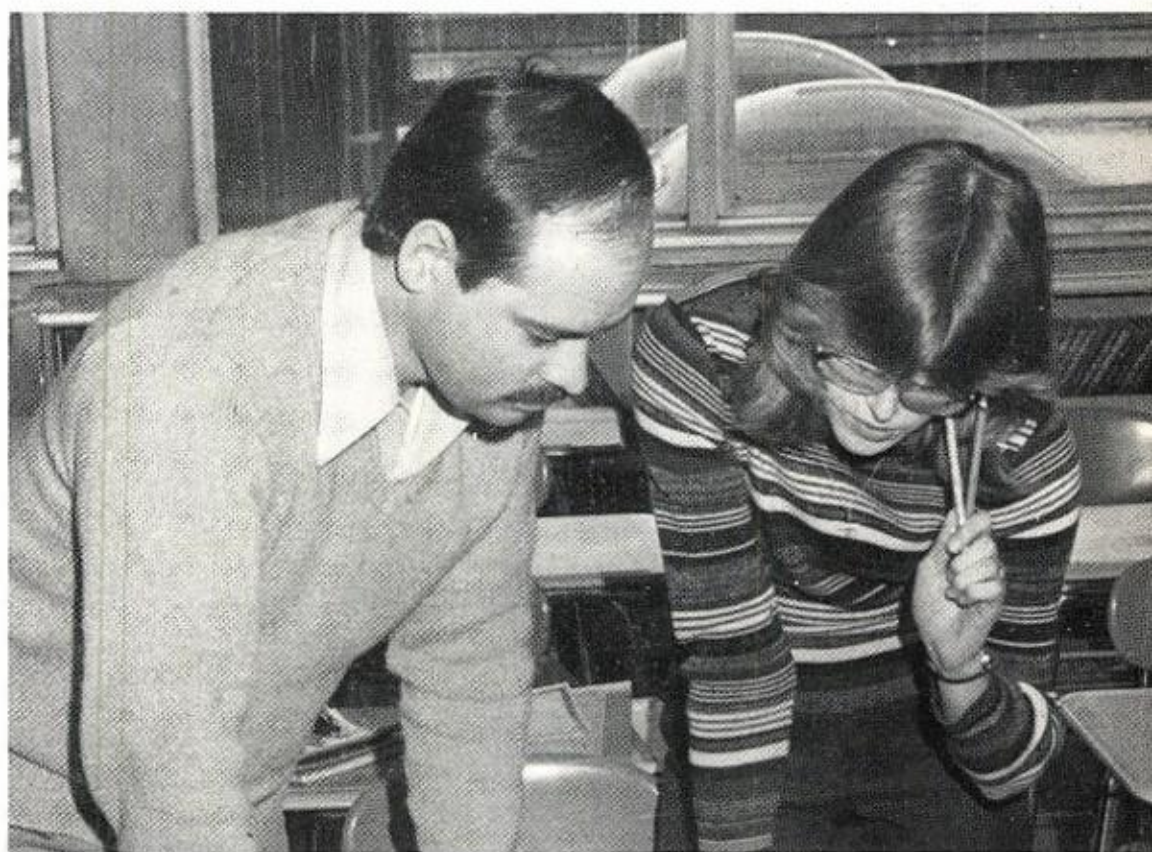

One of the most beneficial services provided to the students, the Penn Post consistently reports on a myriad of topics. Several times a year, the staff provides us with refreshing opinions on the most provocative issues affecting the student body. The staff's effort is truly appreciated by all people in the school.

PENN ALMA '78

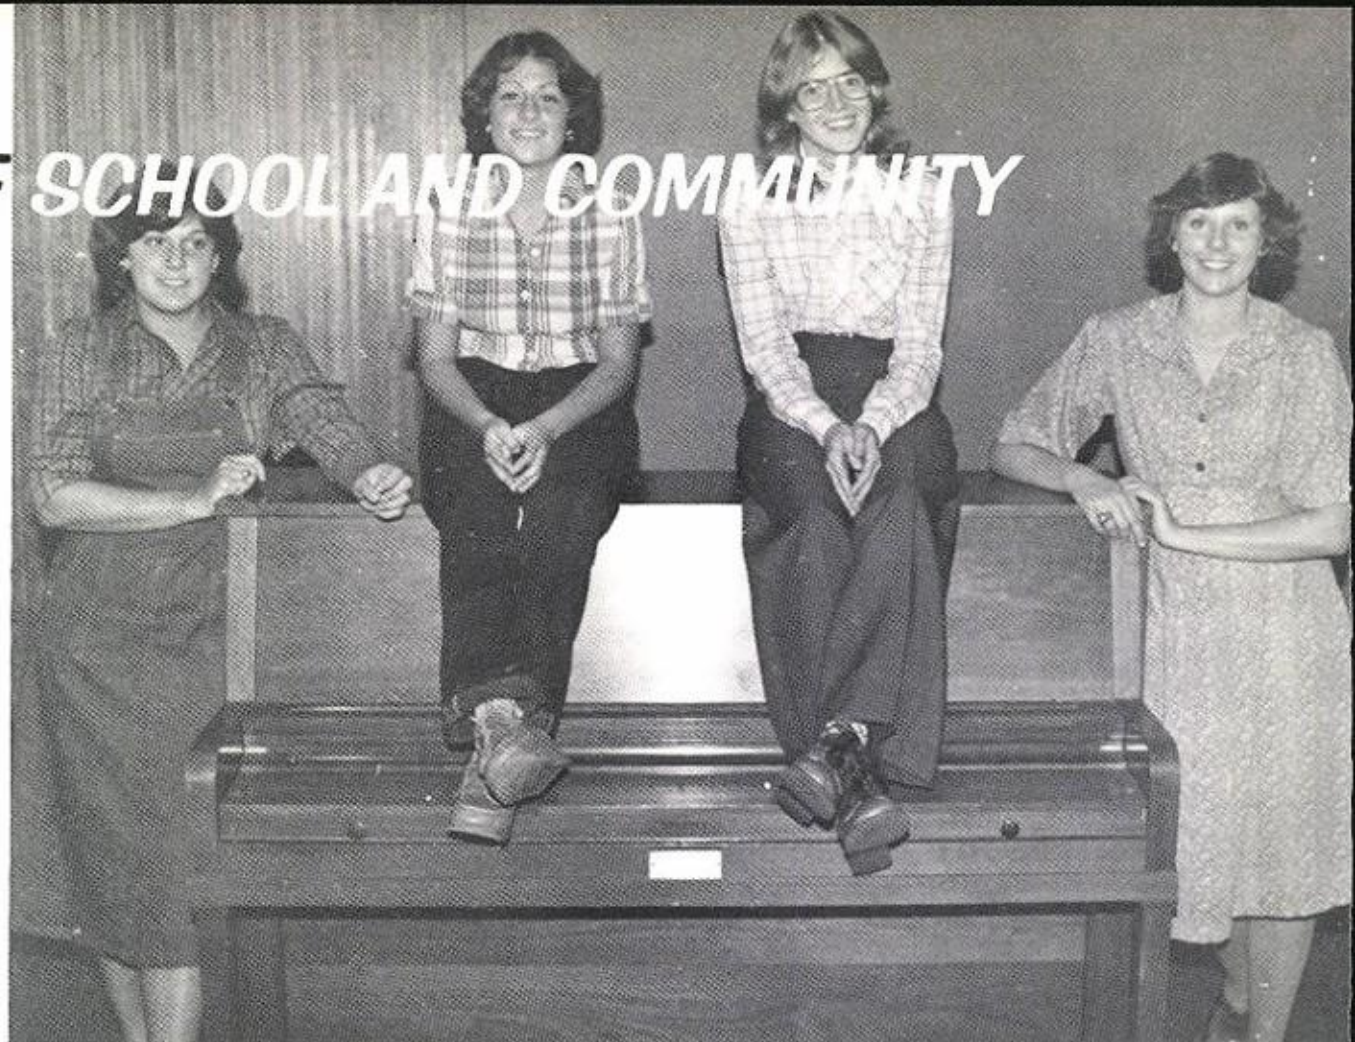

This year's yearbook staff, under the leadership of Tammy Kauffman (editor), Sue Seifrit (business mgr.), Terry Nowak (advertising mgr.), and Laurie Jimski (section leader), feels their yearbook is the best. The photographer, Fran McCormick, and typist, Jean Skrincoski, are to be given special credit also. Through the staff's hard work and unending determination, the '78 yearbook surpasses all others.

Y-TEENS SERVE SCHOOL AND COMMUNITY

Y-Teens, as a service club affiliated with the YWCA, is undertaking many activities to become successful. The Variety Show, The Valentine's Dance, and The Spring Fashion Show are the highlights of the year. The girls will have continued success as one of the largest clubs of MPHS!

Top Right: Y-TEENS OFFICERS: C. Bertolet, Pres.; P. Schreiber, Sec.; T. Nowak, Treas.; J. Skrincosky, Vice Pres.

THE QUEST FOR PEACE AND KNOWLEDGE

The academically and spiritually elite of Mount Penn High, the National Honor Society, continues to strive for the betterment of the student body. Under the direction of Mrs. Haag, the N.H.S. has proved to be the leader of the service clubs.

The most distinguished of all school activities, the United Nations club, gives students an opportunity to familiarize themselves with the world of the diplomatic corps. After thoroughly researching and preparing to represent the countries of their choice, students attend conferences to vie for the best delegate awards in their respective committees. The United Nations Club provides a rewarding and informative experience which is highly valued by all persons involved.

FRENCH CLUB

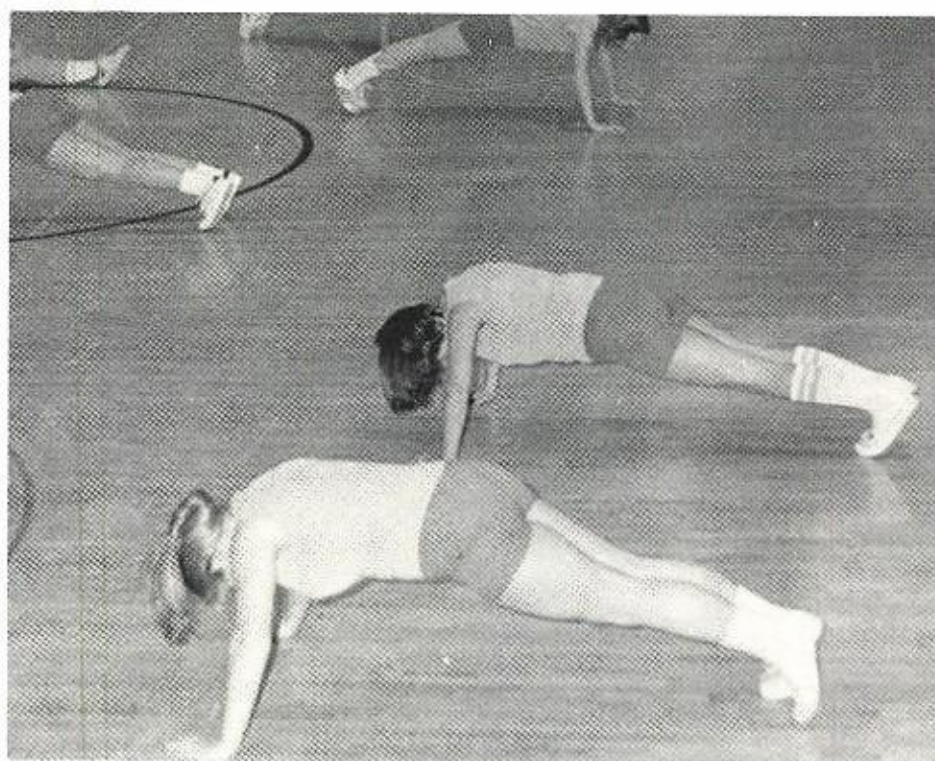

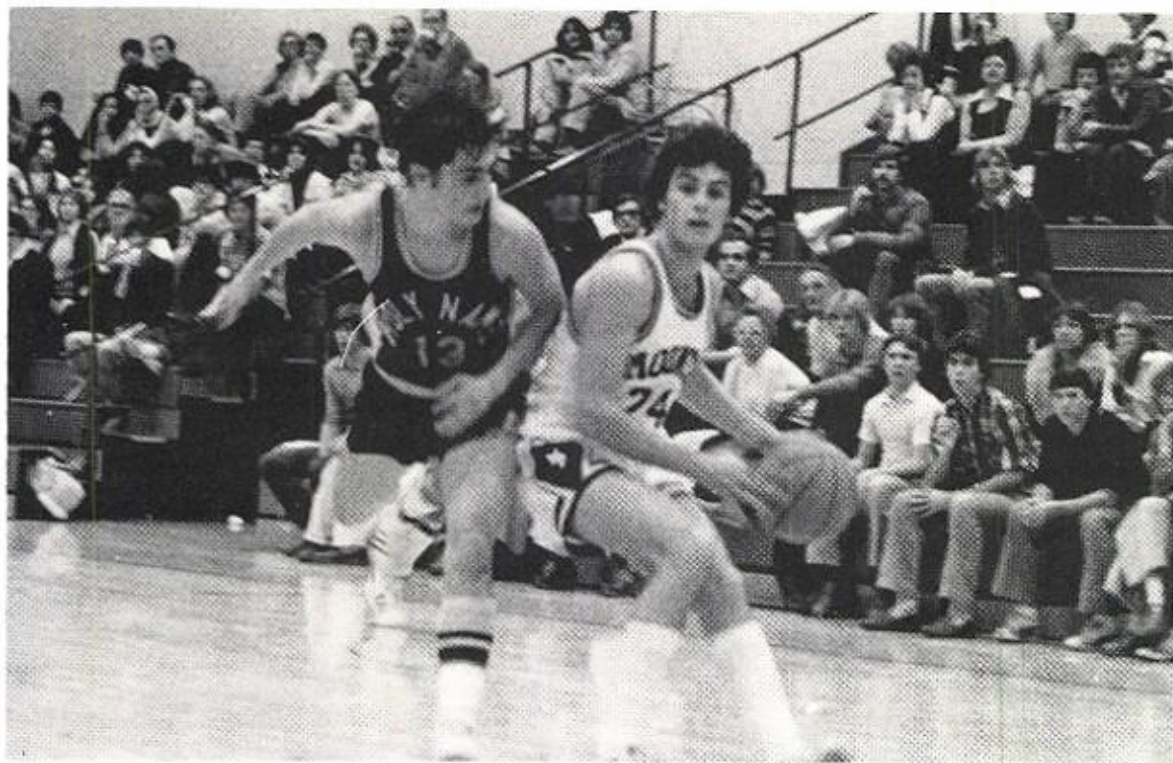

What can't you say about this organization? Mrs. Edsall takes pride in assembling one of the finest clubs Mount Penn High School has to offer. This year, as always, the French Club provided a cultural extravaganza to the "Gotham" accented by an exquisite adventure in French cuisine. The Cabaret Dinner, also engineered by the indomitable Madame, showed to be "the" discriminating event of the Antietam Social Calendar.

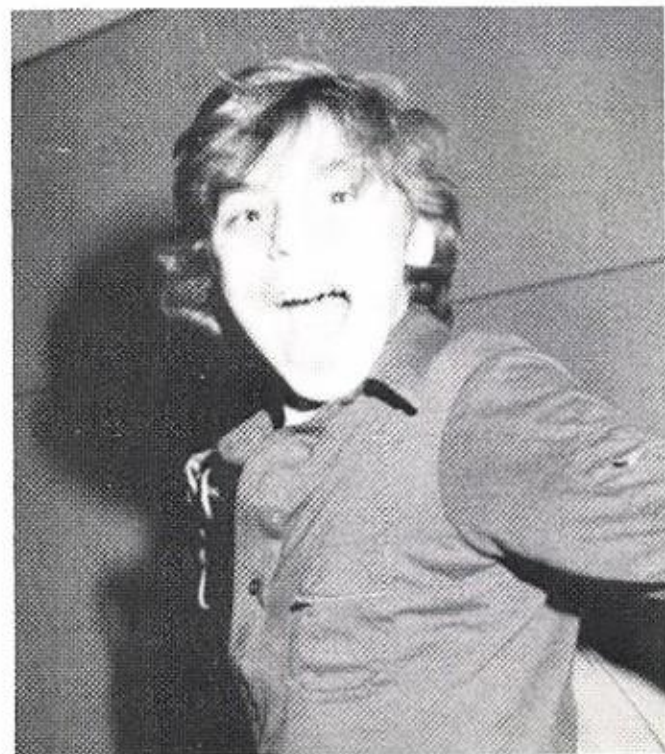

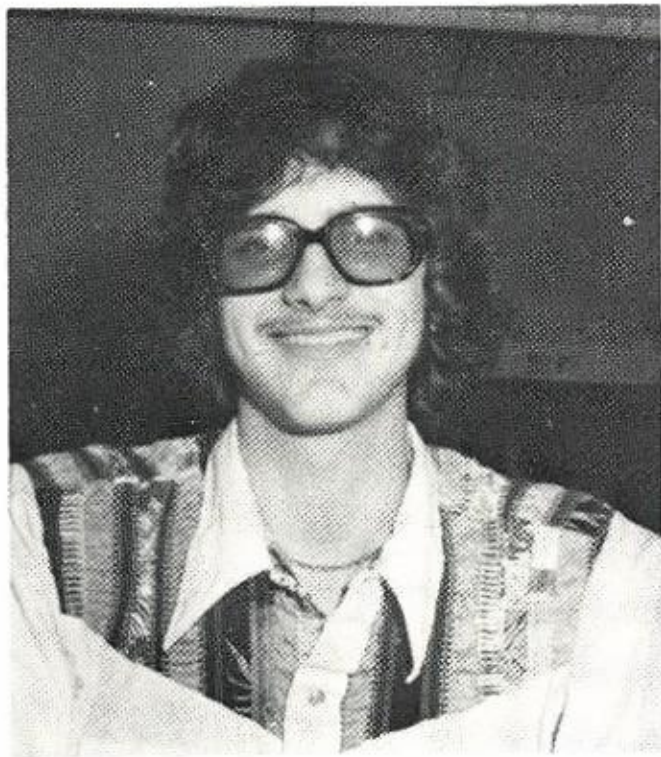

SCIENCE CLUB ON THE GO

Hikes, the trip to Middle Creek, participating in the Nolde water testing, putting plants in classrooms, and making Christmas wreaths out of pine cones keep the Science Club busy. Miss Brobst has given time and effort to keep this little club going.
